### Summary :

Frontend Developer with 1+ year of experience focused on building scalable web apps using React and Next.js. Proven track record of optimizing UI components and improving application efficiency by 30%.

### Skills :

- **Frontend** : JavaScript, React.js, Next.js, Tailwind CSS, Bootstrap, React Native
- **State Management** : Redux, Zustand
- **Tools & Platforms** : Git, GitHub, Vercel

### Professional Experience:

#### Frontend Developer (Intern) | Creative IT Institute

Feb 2026 – Present

- Delivered 5+ dynamic websites using React and Next.js within a 6-member cross-functional team.
- Integrated REST APIs for dynamic data fetching and engineered reusable UI/UX components, achieving 100% cross-device compatibility.
- Improved page speed by 40% through optimized frontend architectures, clean code practices, and advanced optimization techniques.

### Projects :

#### CreativeWeb | Interactive Web Platform

**Tech Stack** : Tailwind CSS, JavaScript

- Developed a high-performance web platform using JavaScript and Tailwind CSS to deliver a highly intuitive user experience.
- Built a 100% mobile-first interface ensuring seamless cross-browser compatibility and strict UI consistency
